

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. SUBSCRIPTIONS, Advertisements, and Intelligence for the Racing Calendar, are received and carefully attended to, at the Publisher's Office, No. 7, *Osenden-Street, near the Haymarket*; where may be had, most of the Volumes from the year 1727 to the present; also, *Hodger's Prima*.

To the CLERKS of COURSES.

THE Publisher requests the Clerks of the several Courses, where the King's Plates are run for, to take Notice of the Alteration in the Form of the Certificate in Page xxxiii, occasioned by a late Sign Manual, for the Payment of the said Plates.

IN Consequence of the many fatal Accidents which have happened by Horses running too near the Posts; the STEWARDS of NEWMARKET RACES have caused the *large and fixed Posts*, on the Heath, to be ~~surrounded with~~ *Furf-Banks*, about five Feet: ~~in the Base,~~ and sloping to the Post, ~~at the Height of~~ about four Feet; and in other Parts of the Course, particularly where there are Turns, they have adopted the use of slender Posts, that will break on any strong Pressure, which they earnestly recommend to the Notice of Stewards, and Managers of Races in general.

IT is His MAJESTY'S Command, that these following Rules be observed by the Owners and Riders of all such Horses, Mares or Geldings, as shall run for His MAJESTY'S PLATES at NEWMARKET.

- I. EVERY horse, mare or gelding that runneth for the said Plate, shall carry twelve stone; fourteen pounds to the stone, three heats.*
- II. Every person that putteth in a horse, mare or gelding for the said Plate, is to shew such horse, mare or gelding, with the marks, name, and name of the Owner, to be entered at the King's Stables in Newmarket the day before they run; and shall then produce a certificate under the hand of the breeder, that his horse, mare or gelding, be no more than six years old the grass before.
- III. Every horse, mare or gelding that runneth, is to start between the hours of one and four in the afternoon; and to be allowed half an hour between each heat to rub.
- IV. Every horse, mare or gelding that runneth on the wrong side of the Posts or Flags, or is distanced in any of the heats, shall have no share of the said Plate, nor be suffered to run any more.
- V. The horse, mare or gelding that winneth any two heats, winneth the Plate; but if three several horses, mares or geldings, win each of them a heat, then those three, and only they, to run a fourth heat; and the horse, mare or gelding that winneth the fourth heat, shall have the Plate.

* By order, this is since altered to ONE HEAT.

VII. As many of the riders as shall cross, jostle or strike, or use any other foul play, as shall be judged by such person or persons as shall be appointed by the Master of the Horse, such rider shall be made incapable of ever riding any horse, mare or gelding for any of His Majesty's Plates hereafter; and such Owners shall have no benefit of that Plate; but such Owners may be permitted to run any horse, mare or gelding for any other of His Majesty's free Plates hereafter.

VIII. Every rider shall, immediately after each heat be run, be obliged to come to the ending-post with his horse, mare or gelding, then and there to alight, and not before, and there to weigh to the satisfaction of the Judges appointed for that purpose.

IX. And in case of neglect or refusal thereof, such winners and riders shall be immediately declared incapable of running or riding any more for this or any of His Majesty's Plates hereafter.

Annual meeting. To meet annually at dinner on the day preceding the King's birthday.

Choice of Stewards. That three members of the Jockey-Club shall be appointed Stewards, and to commence their office on the fourth of June annually. One new Steward to be appointed every year on the third day of June, by the Steward who quits on that day, subject to the approbation of the members of the Jockey-Club then present.

The first and second vacancy of the three Stewards now named, are to be settled by drawing lots; and ever afterwards, the senior Steward is to quit his office on the third of June, annually.

That the three Stewards, or any two of them, shall be vested with full power to *their power, &c.* make such regulations as they think proper, in regard to the exercise-ground, and the course.

That the three Stewards concurring, shall have it in their power to appoint such person or persons as they may chuse to keep the coffee-house, match-book, receive the stakes, and to collect the entrance money, and all other funds belonging to the Jockey-Club.

The

The Stewards are to be responsible to the Jockey-Club for all the money collected as belonging to the Club.

The Stewards shall have it in their power to fix the hours of starting for each Match, &c. but they shall be obliged to fix those hours of starting by eight o'clock in the evening preceding the day of running.

The accounts are to be produced by the Stewards annually on the third of June.

That in case any gentleman who keeps running horses, has cause to complain of any feeder, rider, groom, boy, or other person, employed by him in, or intrusted with the knowledge of trials, of having discovered them directly, or indirectly, by betting, or wilfully in any other way (unless allowed so to do by his master;) or if any person as aforesaid, living with any gentleman, shall be discovered in watching trials himself, or procuring other persons so to do, or by any unfair means whatsoever endeavouring to discover trials; on such complaint being carried to any one of the Stewards, that Steward is to summon a general Jockey-Club meeting as soon as convenient; which meeting is to appoint a committee of three members to examine into the accusation; and in case they shall be of opinion that the person or persons is, or are, guilty of it, then the person so found guilty shall be dismissed from the service of his master, and the said persons shall not be employed by any member of the Jockey-Club in any capacity whatsoever; nor shall any horse, &c. fed or rode by him or them, or in the management of which he or they are concerned, be suffered to start for Plate, Match, or Subscription. And the names of the persons found guilty of these offences, shall be exposed in the Racing Calendar; and inserted in a paper to be fixed up in the coffee-room at New-market.

*Punishment
for watching,
or discovering
trials.*

That

That a copy of all the stakes to be made for Matches, Subscriptions and Sweepstakes, and the day and hour of shewing, or entering, shall be fairly wrote out, and fixed up by the order of the Stewards, on the side of the chimney-piece at each end of the coffee-room, on the Sunday evening before each meeting; to continue there each day of the meeting, as notice for staking, shewing, or entering, and no other shall be insisted upon.

A Day Book shall be kept by the person appointed by the Stewards, and continue in the coffee-room, in which shall be entered an account of all Matches, Subscriptions and Sweepstakes, to be run for each day, within that meeting; and as the different stakes are made, the payments shall be marked to the names of the persons so paying.

All Stakes shall be made in cash, bank-bills, bank-post-bills properly indorsed, bankers notes payable to bearer, or bankers notes payable to order, also properly indorsed; and not otherwise, without the consent of the party or parties present concerned in the Match, Subscription, or Sweepstakes, on whose account such Stakes are made.

All Stakes for Matches, Subscriptions and Sweepstakes, shall be made before starting for the same; and in default thereof by any person, he shall forfeit in like manner, as if he had not produced his colt, filly, horse or mare, to start; and shall have no claim to the Stake or Stakes of the Match, Subscription or Sweepstakes, should his colt, filly, horse or mare, have started and come first; and this to remain in full force as an established agreement of the Jockey-Club, unless such person has

has previously obtained the consent of the party or parties present, with whom he is engaged, to dispense with his making his Stake as aforesaid.

All forfeits unpaid before starting for any Match, Subscription, or Sweepstakes, shall be paid to the persons appointed by the Stewards to receive the same, at the coffee-room, before 12 o'clock at night, of the day such forfeits are determined; and each person making default therein, shall forfeit and pay to the persons so appointed by the said Stewards, after the rate of five pounds for every hundred pounds so forfeited, which shall be disposed of by the said Stewards, towards such uses as they shall think fit.

Forfeits when to be paid.

And, in order to prevent frauds, notice shall be given, that if any person make any bet, or bets, from signal or indication, after the race has been determined at the Post, such person is not intitled to receive, or liable to pay the same; as such bet or bets are fraudulent, illegal, and totally void; and that if any servant belonging to a member of the society shall be found to have made, or be engaged in the making any such bet or bets, he shall be dismissed his service, and no farther employed by any member of this society.

Bets made from signal or indication.

That all forfeits or money paid on compromising any Match or Sweepstakes, shall, *bona fide*, be declared and entered in the day-book, in order that all betters may be put upon an equality with the persons who had the Match or Sweepstakes, and may thus be ascertained in what proportion they are to pay or receive.

Forfeits and compromises to be entered.

That the Stewards of the Jockey-Club shall appoint some proper person to examine every colt or filly, being of the age of two, three, or four years, at the Ending Post, immediately after running, the first time any colt or filly, shall start for any Plate, Match, Sweepstakes, or Subscription at Newmarket, and the said appointed person is to sign a certificate of such examination, and his opinion thereupon, which certificate is to be hung up before eight o'clock the evening of the said day of running, in the coffee-house at Newmarket.—But for all Plates, Matches, Subscriptions, or Sweepstakes, where the colt or filly is required to be shewn before running, the examination as above mentioned shall be made at the time of shewing them, and the certificate of the person appointed shall immediately, in like manner, be fixed up in the coffee-room at Newmarket.

That the hours of starting shall be fixed up in the coffee-house by eight o'clock in the evening preceding the day of running; and it is expected that every groom shall start punctually at the time appointed; and any groom failing so to do, shall forfeit five guineas each time to the Jockey-Club. It is also expected, that every groom will attend to the regulations and orders which the Stewards of the Jockey-Club may give, relative to the preservation of the course and exercise-ground.

That no person do borrow or hire any horse, &c. not belonging to his avowed confederate, to run in a private trial, without entering the name of such horse, before the trial shall be run, in the book appointed to be kept for that purpose, in the coffee-room

None to borrow horses, &c. for trials, without entering them in the book, except confederates.

room at Newmarket; and no persons to be deemed confederates, who do not subscribe this article as such.

That all disputes relative to racing at Newmarket shall, for the future, be determined by the three Stewards, and two Referees to be chosen by the parties concerned. *Disputes how to be determined.* If there should be only two Stewards present, they are to fix upon a third person in lieu of the absent Steward

That if for any Sweepstakes or Subscription, the first two horses shall come in so near together, that the judge shall not be able to decide which won, those two horses shall run for such prize over again, after the last Match on the same day; the other horses which started for such Sweepstakes or Subscription, shall be deemed losers, and entitled to their respective places, as if the race had been finally determined the first time. *When the judge cannot decide a Sweepstakes, or Subscription, the first two horses to run over again.*

That all bets determined by one event shall be subject (as before agreed) to any compromise made by the Principals, and paid in proportion to such compromise; but that all double bets shall, for the future (on account of the frequent disputes which have arisen) be considered as play or pay bets. *Single and double bets.*

When any Match or Sweepstakes shall be made, and no particular weight specified, the horses, &c. shall carry eight stone, seven pounds, each. And if any weight is given, the highest weight is, by this resolution, fixed at eight stone, seven pounds. *The weight 8st. 7lb. when not specified, and when weight is given, the highest 8st. 7lb.*

Horses engaged on the day of entrance, for any Plate, &c. when to enter. No horse that is matched to run on the day of entrance, for any Plate, &c. shall be obliged to shew and enter at the hour appointed, but shall shew and enter within an hour after his engagements are over, provided such horse, &c. be named at the usual time of entrance, which is to be between the hours of eleven and one for all Plates, Subscriptions, and Sweepstakes, where any entrance is required, and no other particular time specified.

Bets between any two horses, &c. which shall become the property of the same person, void. That all bets depending between any two horses, either in Match or Sweepstakes, are null and void, if those horses become the property of one and the same person, or his avowed confederate, subsequent to the bets being made.

ARTICLE FOR A COCK-MATCH.

ARTICLES of agreement made the
 day of 179 between J. S. and D. H.
 First, The said parties have agreed, that each of
 them shall produce, shew and weigh, at the
 Cockpit on the
 day of next, beginning at the hour of
 seven o'clock in the said morning cocks, none
 to be less than three pounds six ounces, nor more
 than four pounds eight ounces; and as many of each
 party's cocks as come within ounces of
 the other party's cocks, shall fight for
 guineas a battle; that is guineas each cock,
 in as equal divisions as the battle can be divided into,
 as pit's or day's play at the cockpit aforesaid; and
 that the party's cocks that win the greatest number of
 battle-matches out of the number aforesaid, shall be
 entitled to the sum of guineas, as odd battle-
 money; and the sum is to be made stakes into the
 hands of Mr. before any cocks are pitted,
 in equal shares between the parties aforesaid; and
 the parties further agree to produce, shew and weigh,
 on the said weighing day, cocks, for bye-
 battles, subject to the same weight as the main-cocks
 before-mentioned, and those to be added to the num-
 ber of main-cocks unmatched; and as many of them
 as come within one ounce of each other, shall fight
 for

for two guineas each battle, to be as equally divided as can be, and added to each pit or day's play with the main of cocks; and it is also agreed, that the balance of the battle-money shall be paid at the end of each pit or day's play; and to fight in fair reputed silver spurs, and with fair hackles; and to be subject to all the usual rules of cock-fighting, as is practised at London and Newmarket; and the profit of the pit or day's play to be equally divided between the said parties, after all charges are paid and satisfied, that usually arise thereupon. Witness our hands, this day of 179

RULES for MATCHING and FIGHTING of COCKS in London, which have been in Practice ever since the Reign of King Charles II.

TO begin the same by fighting the lighter pair of cocks (which fall in match) first, proceeding upwards to the end; that every lighter pair may fight earlier than those that are heavier.

In marching, (with relation to the battles) it is a rule always in London, that after the cocks of the main are weighed, the match-bills are compared.

That every pair of dead, or equal weight, are separated, and fight against others; provided that it appears that the main can be enlarged by adding thereto, either one battle or more thereby.

HERCULES, (late ARANJUEZ) bred by Sir John Webb, Bart. at Mr. Croke's Repository, Bristol, at 2gs a mare, and 4 crown the groom.

He is a beautiful bright bay, and the largest bred horse in England, and calculated to get Racers, Hunters, or Coach-horses.

I certify that the bay horse, now called Hercules, late Aranjuez, was no more than five years old last grass—that he never run, having been lamed in training.—He was bred by me, and got by Highflyer—his dam, who was the dam of Potofi, Mary Ann, Whitelegs, and of Stride, was got by Goldfinder, her dam by Babraham, grand dam by the Cullen Arabian, (which mare was the dam of Sir Charles Sedley's Regulator) great grand dam was Grifewood's Lady Thigh, who was got by Croft's Partner, great great grand dam by Greyhound, and out of a daughter of the Curwen Bay Barb, which mare was the dam of Sophonisba.

Witness my hand this 4th of December, 1790,

He was got by Eclipse, dam by Tartar, sire of Herod; he is own brother to Mercury, Volunteer, and Venus; he is a certain foal-getter, and has hitherto got three colts to a filly; owing to his having been kept a private stallion, he has had but few racing mares; from those few his stock have all turned out winners. It may justly be said, that for blood, bone, constitution, and produce, he is inferior to no horse whatever.— He is sire of Cardock, Halkin, and Mr. Leeson's chefnut horse.

Gentlemen breeders may depend on the best paddocks, excellent grafs, and every attention.

Apply to Mr. Charles Learman, at the Kennel at Thornville Royal, which is centrally situated, being within a few miles of York, Wetherby, and Boroughbridge.

DR. STEER'S OPODELDOC.

The following Letter from Mr. COWLING, Master of the Riding-house, Moorfields, will be a further Proof of the superior Efficacy of this Medicine.

To Mr. H. STEER.

S I R,

HAVING often known the good effects of your Opodelloc in the human species, I was induced to try it on horses; and I have found it so superior to every other application in bruises, sprains, rheumatisms, and other external complaints, that I think it but justice to give you this testimony.—In treads through the coronet, if the wound is immediately filled up with it, and covered with a little bandage, so as to keep the cold out for a day or two, the cure will be perfected, without fessering, or any other inconvenience. In strains, from leaping, or any other violence, where the seat of them could be ascertained, I have, by rubbing in very hard, half a bottle at a time, morning and evening, removed the complaint though ever so bad, in a few days. I have likewise reduced a large callus or tumour upon the cap of a horse's hock, which has always been deemed incurable, by rubbing in half a bottle at a time as above; but this was not effected

effected in less than three weeks. I have also found it equally serviceable, when horses have been wrung in the shoulders, or bruised by the saddle, if immediately applied. Any gentleman may be farther satisfied, by writing to, or calling upon me, at the Riding-house, Moorfields.

I am, Sir, &c.

May 17, 1781.

WILLIAM COWLING.

This Opodeldoc, in the human species, is universally esteemed for curing bruises, sprains, and rheumatisms, as also for fresh cuts, burns, and scalds, as well as the sting of wasps, gnats, &c.—It is very pleasant to the smell, and simple in the application, requiring only to be rubbed in with the hand.

Sold by the Proprietor, H. STEERS, (Son of the late Dr. Steers) at No. 10, Old Bond street, on the left hand from Piccadilly; and by F. NEWBERRY, at the only warehouse for Dr. James's Powder, No. 45, in St. Paul's Church-yard, between Cheap-side and Watling-street.—Price 2s. the bottle, duty included, but on taking six or more, the price of the stamps will be allowed.

N. B. To prevent counterfeits, the public will please to observe, that there is a label on the cork of each bottle, with the following words, "DR. STEERS'S OPODELDOC, prepared by H. Steers."

S N A P E ' S
INFALLIBLE POWDER,
FOR CURING IN THE
MOST DANGEROUS DISEASES.

INCIDENT TO HORSES.

THE Inventor and Proprietor of this Powder is happy in this opportunity of acquainting the public that he has recently cured with the above article such a number of valuable Horses, that were afflicted with violent Colds, Surfeits, Putrid and Inflammatory Fevers, Strangles, Staggers, Locked Jaw, Convulsive Fits, &c. &c. as fully justifies him in giving it the appellation of Infallible. What he attributes to be the occasion of the administration of the Medicine in question proving so successful is its most powerfully acting against the cause of the different disorders which, of course must, by speedy gradations, actuate the effects to cease. The number of Horses he has restored to their pristine health and strength, within these few months, particularly in the disease now raging, through the efficacy of the above Powder is to him a consideration.

deration of infinite pleasure, as it saves the respective owners those heavy sums they must otherwise have disbursed to supply their places, and, at the same time, tends to the longevity of an animal, that, from its sagacity, elegance, and utility, is the admiration of the natives of every country in the universe.

S N A P E ' S

ALTERATIVE and RESTORATIVE Powder,

For curing that hitherto esteemed Mysterious
Disorder,

THE GLANDERS.

A Disorder that has ever baffled the skill, ability, and experience of the ablest practitioners of all nations, may well be termed mysterious; yet the mystery will cease when gentlemen and owners of horses are acquainted, that, after a period of five and thirty years practice, a medicine is discovered, which is almost certain of effecting a cure even if the animal is so bad as to appear impossible for him to recover. Such has been the success of the above Medicine; so that the Proprietor is enabled to recommend it as the most valuable that was ever discovered. This is likewise proved by a variety of letters, which he has in his possession, from gentlemen of undoubted character and respectability, who have, unsolicited, come forward in a most generous manner, to attest its virtue. Particularly Benjamin Barker, Esq. of Swaffham, near Newmarket. These Powders are to be had only of the Proprietor, N^o. 60. Poland Street.
